

## Northern Arizona University Summary

### *Mission Statement<sup>1</sup>*

*Northern Arizona University is a doctoral-intensive institution that has at its core undergraduate programs, significant research, and graduate programs to the doctoral level appropriate to its size and classification. Northern Arizona University aspires to be a premiere undergraduate residential institution that provides its students with an innovative and challenging liberal arts and sciences core integrated with a comprehensive number of professional programs. The learning environment at the Mountain Campus is unmatched for natural beauty and for student-centered programs and services. Undergraduate programming prepares students for life in the twenty-first century by assuring individual development through small classes, close interaction with senior faculty, and sophisticated learning technologies more commonly found at the nation's leading private universities.*

*Northern Arizona University also provides exceptional quality in a selected number of post-baccalaureate certificates, master's and doctoral programs in its areas of greatest strength. The University seeks to expand its post-baccalaureate programs as interdisciplinary fields expand and as the needs of economy demand increasing levels of educational preparation. Intimately linked to its undergraduate and graduate missions, the university's faculty, organized in departments, research centers and institutes, advances knowledge in traditional disciplines, in fields related to NAU's unique environment on the Colorado plateau, and in response to the needs of the state and region for solutions to real world problems.*

*Finally, NAU is an integral part of the northern Arizona and Flagstaff communities. It embraces its mission to serve rural Arizona, Native American peoples, and seeks a partnership in providing economic, cultural, and social opportunities for all citizens of the region. Consonant with its mission to serve the state's rural counties, the university has innovative partnerships with rural community colleges, operates an education center in Yuma and IITV sites in many locations plus technology-based delivery into offices and homes.*

## Northern Arizona University Summary

### Northern Arizona University's Goals<sup>2</sup>

- To be a premiere undergraduate residential learning community.
- To increase and manage enrollment.
- To strengthen graduate education, economic development, and research to meet the needs of Arizona, the Southwest, and the Nation.
- To build on our national reputation for excellence in professional programs.
- To provide leadership in the development, use, and assessment of technologies in educational programs.
- To foster a culture of diversity.
- To be the nation's leading university serving Native Americans.
- To ensure financial stability and growth.

### Overview

The University enrolls almost 20,000 students a semester, with approximately 14,000 located on the Mountain Campus and another 6,000 enrolled at other instructional sites including sixty-six other towns and cities throughout the state and a center in Yuma. Northern Arizona University along with the University of Arizona and Arizona State University are governed by the constitutionally authorized Arizona Board of Regents and together constitute the Arizona University System. The NAU Mountain Campus is located on a 738-acre site in Flagstaff, Arizona.

Flagstaff is a growing city of approximately 53,800, located on the Colorado Plateau at an elevation of 7,000 feet. Immediately north of the campus is the 12,633 foot-high San Francisco Peaks, which feature a major winter sports center. The university is at the junction of Interstate Highways 40 and 17, less than a three-hour drive from Phoenix and about five hours from Tucson, Albuquerque, New Mexico, and Las Vegas, Nevada. Flagstaff is served by the Amtrak transcontinental mainline, one major bus line, and a regional airline. In addition, Flagstaff is the home of such renowned scientific institutions as Lowell Observatory, the U.S. Naval Observatory's Flagstaff station, the U.S. Geological Survey's Branch of Astrogeology, and the Museum of Northern Arizona. These institutions are active participants in the university's educational and research programs. The university campus is surrounded by an environment of mountains, canyons, forests, deserts, lakes, and streams. Two major national parks, including the Grand Canyon and six national monuments surround the Flagstaff area.

## GLOSSARY OF SELECTED TERMS

### **Administrative Faculty**

Generally speaking, the administrative faculty is made up of executive level administrative personnel including chairs, assistant/associate deans, deans, directors, and executive directors.

### **Budgeted Full-Time Faculty Equivalent (FTE)**

Budgeted full-time equivalent faculty is the sum of the appointment percentages of all faculty in a particular department, college or other unit. To calculate budgeted FTE faculty for a particular program, such as Instruction, each appointed percentage is multiplied by the percent of the individual's salary paid from that program, and then summed. For example, a professor in full-time appointment who receives one-half of his salary from Instruction and one-half from Organized Research would be counted as one (1.00) budgeted FTE faculty member with one-half (0.50) budgeted FTE to Instruction and one-half (0.50) budgeted FTE to Organized Research.

### **Credit Hour or Student Credit Hour (SCH)**

A credit hour is a unit of measurement assigned to a course and expressed in semester hours. SCH is used as a measure of independent study in the index of a faculty member's teaching hours, although its traditional purpose is to measure a student's progress toward a degree.

The total SCH for a course are arrived by multiplying the number of students by the number of credit hours. Prior to 1976, SCH were generated for various reports exclusively by the level of the student. Since then, they are generated primarily by the level of the course.

### **Faculty**

The term "**faculty**" is not confined simply to those who teach. It refers to many people in the academic community whose responsibilities range from instruction to research, to public service and to administration, and in many cases a faculty member's responsibilities are made up of a combination of two or more functions. Various counts are periodically requested.

## GLOSSARY OF SELECTED TERMS

### **Full-Time Equivalent (FTE) Student**

The FTE enrollment is the equivalent number of full-time students on the twenty-first day of the semester. Equivalency is established by dividing the total number of SCH by the normal load of credit hours as follows. Lower division SCH are divided by fifteen to calculate FTE. Since 1987 upper division SCH are divided by twelve to calculate FTE. Graduate SCH are divided by ten to calculate graduate FTE.

### **Full-Time Faculty**

Faculty who have academic year appointments with the ranks of Regents' Professor, Professor, Associate Professor, Assistant Professor, Lecturer, and Instructor. Administrative faculty such as dean, associate dean, and directors, who hold faculty rank are included if they teach. Part-time faculty who are paid on a per class basis and graduate teaching assistants and associates are excluded from this definition.

### **Full-Time Graduate Student**

A student who holds a bachelor's degree or equivalent, is taking courses at the post-baccalaureate level, and is enrolled for nine or more semester credits.

### **Full-Time Undergraduate Student**

An undergraduate student who is enrolled for twelve or more semester credits.

### **General Operating Fund**

Is used to account for transactions related to the university's state-appropriated budget, as approved by the Arizona Legislature and Arizona Board of Regents.

## GLOSSARY OF SELECTED TERMS

### **Instructional Faculty**

The term instructional faculty generally refers to the academic rank of professor, associate professor, assistant professor, instructor, and lecturer in instructional departments. Part-time faculty, graduate assistants and associates may be included depending upon the purpose of the count. Since 1975, counts of faculty with instructional titles have been made as of a specific date, October 1. The comparability of counts from previous years is adversely affected by the failure to conduct the counts on a particular date. Counts of minority faculty as of a specific date have been made only since 1977.

### **Off-Campus (Financial Aid definition)**

Students who do not meet self-supporting criteria and do not live with parents.

### **On-Campus (Financial Aid definition)**

Students who do not meet the self-supporting criteria and live in residence halls.

### **Self Supporting**

Students born before January 1975, veterans, graduate students, married students, orphans/wards of the court, students with legal dependents other than a spouse.

### **State Operating Budget**

The State Operating Budget is the primary budget at NAU. Two revenue sources support the state operating budget. The first, Collections, consists of student registration fees and tuition, along with some miscellaneous revenue and balance forward. The Arizona Board of Regents authorizes the universities to retain a portion of tuition and fee revenue for bonding debt service, plant projects, and some operating budgets not supported by the state. The remaining fee and tuition collections become a part of the state operating budget. The second major source of funding is General Funds—Arizona's general tax revenues. This amount is appropriated to the university as part of the annual legislative budget process.
